Dear Ms. Salas:

On Friday December 14, 2001, I met with Richard Lerner, Chief of Staff to Dorothy Attwood, to review AT&T's Comments in the Universal Service Contribution Factor docket referenced above which requested, if necessary, a modification or waiver of the rule that requires carriers to complete the Telecommunications Reporting Worksheet using revenue figures that are lagged by six months and instead utilize a projection of First Quarter 2002 revenues. The specific proposal was set forth in an ex parte communication filed with the Commission on December 13, 2001 which I reviewed with Mr. Lerner. In addition, I urged the Commission to continue working

towards a permanent mechanism that would eliminate the lag effect in its entirety and adopt a flat-rate assessment mechanism consistent with AT&T's comments, reply comments and other Coalition filings in this proceeding.

The positions expressed by AT&T were consistent with those contained in the Comments and ex parte filings previously made in the aforementioned dockets. Two copies of this Notice are being submitted for each of the referenced proceedings in accordance with the Commission's rules.

Very truly yours,
